Honolulu 2009 Speaker Updates - You'll want to know...

Jim Burns is apologizing all over himself for double-booking here and in Buffalo, NY. We still love you, Jim. Jim will return next year for Honolulu 2010.

Ralph Moore's responsibilities are snatching him away, so he will also have to postpone his conference participation. Not to worry: it's not the rapture!

Francis Chan, Francis Chan, Francis Chan. If you don't know that name yet, you will! Francis will kick off the conference speaking on *It Can't Be Done Alone*.

Being born without limbs was not a limitation for **Nick Vujicic**. Come hear Nick in *adult and youth general sessions* about how God wants to use all of us in whatever condition we are.

Don Piper, author of best selling book *90 Minutes in Heaven* about his true life experience will give us more than 90 minutes sharing about True Life.

John Rosemond, parenting expert, author, and syndicated columnist will lead the **Parenting Preconference Session** as well as conduct workshops on *Parenting by the Book*.

Gary Haugen, president of International Justice Mission which works to rescue women and children from the sex trade, will lead us on *God's Great Adventure for the Restless Christian*.

Ellie Lofaro, a Honolulu 2007 speaker, returns to help us all live, love, and laugh – with “the blonde women,” if you know what we mean.

Don't miss the **Shawn McDonald Worship Concert on Friday night**. Shawn has an amazing testimony that he'll also share with the youth. In the meantime, take a listen to Shawn on the **HIM website: www.himonline.org**

Concerned about child safety in our churches and schools? **Kimberly Norris and Gregory Love** will lead sessions dedicated to making these homes away from home safe places for little ones.

Perennial favorite, **Paul Sheppard**, will help us with *How Do You Spell SUCCESS, Lessons Every Leader Must Learn*, and *Where Is the "Next Level" and How Do I Get There?* Pastor Paul, you rock!

Don't be surprised if it's standing room only for **Cliff and Joyce Penner's** sessions, Christian sex therapists who can help us have healthier understanding of God's gift of sex.

God hears and heals, and **Christy Pierce** returns to help us understand how. She'll lead the **Prayer Preconference Session** and the always popular healing prayer session, among others.

HIM loves introducing new friends to Hawaii. This year, look forward to meeting **John Jenkins**, pastor of 10,000-member First Baptist Church of Glenarden in Maryland, who will share *The Secret of a Powerful Church*.

Have you missed **Jim Miller** as much as we since he moved to California to pastor Glenkirk Presbyterian? It's reunion time at Honolulu 2009 and a chance to learn more from Jim.

Whether or not you can guess which elephant **Craig Gross** will identify in *The Elephant in the Pew*, his is a message that every man, woman, and youth in the church needs to hear.

Chalk Guy Ben Glenn will use his extraordinary artistry to help us experience God with our heart, soul, mind and strength. *You have to see it to believe it!*

Kurt Cousins puts his Michigan State quarterback jersey aside and takes the pitch to inspire youth...while dad **Don Cousins** coaches the rest of us in God's playbook for life.

Nancy Sebastian Meyer will offer her personal experience to encourage those whose spouses don't share their faith.

Fuller Seminary's Brehm Center for Worship and the Arts returns with yet another *Worship, Theology & the Arts module* for training worship leaders—as always open to all.

Tony Campolo will keep us thinking about what our theme *Many Yet One* means in action and not just words.

HIM co-founder Dan Chun will continue his annual gig as host and sometimes stand-up comic, and will also provide tips to *Ushers & Greeters*.

Worship with thousands of others with a worship team led by **Cory Oliveros & Friends**.

It's the annual get-together for all Hawaii's youth in the churches! There is no other statewide gathering like this for our senior high and middle school youth. They get to learn from some of the best speakers in the world, have sessions of their own—and HIM has seen generations of believers arise from this program.

Jon & Sumo, Irving & Sato – the dynamic duo will emcee youth sessions. They will be joined by other Hawaii youth pastors in workshops that are age-appropriate and of varying levels of spiritual understanding to help our kids thrive.

We've not enough space to tell you about all the great stuff coming your way at Honolulu 2009, but check out these seminars for your church, your friends, your family, yourself!
